SATURDAY, MARCH 16, 1912

Who said we were going to have another long drouth?

We'll all wear a little shamrock tomorrow, for it's St. Patrick's Day.

The building boom will be on in Williams as soon as the weather settles.

Roosevelt clubs are bobbing up over the country like the flowers in spring time.

New Mexico will send eight Taft delegates to the republican national convention.

NEXT Monday, March 18th, will begin the first session of Arizona's state legislature. A lively session is predicted by the wise ones.

The Arizona Republican is for Roosevelt. This insures a solid Roosevelt delegation from Arizona to the Chicago convention.

PRESIDENT TAFT seems to think, judging by his public speeches, that the coming presidential election centers around the recall of the sacred judiciary.

It is not long until the election for town officers. If you are thinking about being a candidate let the people know it through the columns of The News.

A FEW weeks more and then we will know whether the west end of Coconino county is to be a county "all by its lonely." If the proposed division carries, we will have one of the best counties in Arizona.

HUMAN nature is the same in all countries. Because of inordinate greed of the capitalists over there, England is in the throes of a strike that will make the government totter. Greedy capitalists are a greater menace to the country than the bubonic plague.

THE following nine governors, all up for re-election, are supporting Roosevelt's nomination: Stubbs of Kansas, Hadley of Missouri, Carey of Wyoming, Osborn of Michigan, Glasscock of West Virginia, Johnson of California, Bass of New Hampshire, Aldrich of Nebraska, and Odie of Nevada.

Gov. HUNT's "golden rule" policy in the management of criminals confined in the state prison at Florence seems to be working out all right. But wait until some prisoner makes his get away; then hear the very "men" who are now praising the system howling, "I told you so!"

AND now it is said that Governor Hunt is making plans to oppose Mark Smith for United States senator if Smith draws the short term, and Mike Cuniff, of Yavapai, will oppose Ashurst if he draws the short term. There was some talk that Ashurst might agree to take the short term and let Mark Smith

have the long term without drawing lots, coming back to Arizona and making a personal appeal to Mark's friends on the strength of his magnanimity, but since the Hunt Cuniff combination has developed so much strength, Ashurst don't see so much merit in the scheme.

An order has been issued by Postmaster General Hitchcock to the effect that Section 3 of the instructions to postmasters at depository offices, which provides that they will accept deposits only from persons who are patrons of their postoffices, has been rescinded. Under this ruling all persons whether patrons of the office or not can deposit funds in the postal savings account.

THE movement throughout Arizona for the nomination of Roosevelt is developing rapidly. Many Roosevelt clubs have been organized the past two weeks and are receiving the vigorous support of the progressive republican voters. In Cochise, Yuma, Yavapai, Gila and Maricopa counties hundreds have signed the Roosevelt petitions and in other sections of the state active clubs will soon be organized.

THE investigation of the steel trust has brought out the fact that they are making 40 per cent profit on their watered capital stock; also that they are making from 100 to 250 per cent on supplies furnished their employees. If our law-makers can see no way of curbing such rapacity and hogwash greed, the sooner the country is handed over to the socialists the better. This not only applies to the steel trust, but to all the others. It is impossible to satisfy greed.

Arizona Rangers

With the organization of a cattlemen's association in Cochise county, impetus has been given the movement to secure the passage by the first Arizona state legislature of a measure creating a body similar in most respects to that maintained for years by the territory, the members of which were known as the Arizona Rangers. So urgent has the need come, say the cattlemen, for these cattle police, no stone will be left unturned in an effort to bring about the adoption of the proposed bill.

While Cochise will maintain for a time a small force of rangers or inspectors to prevent just such depredations, the work of such a body must of necessity be limited, and the idea has already spread to other Arizona sections, with the result that there is talk of endeavoring to have the state provide for a sufficient body to guard the general range lands of the entire state.—Tombstone Prospector.

Nearly All Favor Suffrage

Yuma, March 9—Mrs. Squire Munroe, secretary of the Yuma county Political Equality league, has received letters from most of the newspapers published in Arizona pledging their support in the coming fight for woman's suffrage. She wrote to every paper in the new state a few weeks ago by direction of the Equality league. The answers that have been received have been very encouraging. Only two papers have declared against woman's suffrage, the Copper Era, published at Clifton, and the International, published at Douglas.

Some Mourner

Down in Georgia, a negro, who had his life insured for several hundred dollars, died and left the money to his widow. She immediately bought herself a very elaborate mourning outfit.

Showing her purchases to her friend she was very particular in going into detail as to prices and incidental particulars. Her friend was very much impressed, and remarked:

"Them sho is fine clothes, but, befo' Heaven, what is you goin' to do wif all dis black underwear?"

The bereaved one sighed:

"Chile, when I mourns I mourns all over.—Harper's.

PROCEEDINGS OF THE BOARD SUPERVISORS

The board of supervisors met in regular session March 4th, with all members present.

The salaries of the various county officers were fixed as provided for in the constitution. The list was published in The News last week.

Appointment of Ed. Johnson as ranger for Coconino county was approved.

Appointment of F. O. Allen as deputy recorder from March 15 to March 31, was approved; salary at rate of \$100 per month.

The bond of T. E. Pulliam was approved.

Upon motion made by Shafer and seconded by Bongberg, each road overseer must furnish a monthly report through the road superintendent showing expenditures on each mile of road in their respective district and this to be turned into the board of supervisors at their regular meeting.

The application of Fred Harvey for the renewal of retail liquor licenses at the El Tovar at Grand Canyon and the Fray Marcos at Williams was approved and the sheriff's office was instructed to issue same for the ensuing year.

Claims against the county aggregating \$4,450.33, were audited and allowed.

Report of recorder for half February, 15th to 29th, showing \$63.60 collected and paid to county treasurer, was checked and approved.

Report of sheriff for half February, 15th to 29th, showing \$8.70 collections, was checked and approved.

Report of the clerk of the board of supervisors for half February, 15th to 29th, showing \$12 school land collections, was checked and approved.

Report of county treasurer for half of February, 15th to 29th, showing receipts of \$375.75; disbursements \$4,685.52; balance on hand March 1, distributed to the various county funds, \$133,810.28, checked and approved.

Board ordered that the sum of \$12,307.81 in the national forest fund be transferred to the road fund, and the amount of \$101.53 in unclaimed estate transferred to the general county fund, it having been in the unclaimed estate the required length of time.

All applications for leasing school and university lands were rejected and amounts collected since February 15, 1912, were ordered returned; authority for refusing leases letter dated March 1, 1912, signed by Gov. G. W. P. Hunt and G. P. Bullard.

Repels Attack of Death

"Five years ago two doctors told me I had only two years to live." This startling statement was made by Stillman Green, Malachite, Col. "They told me I would die of consumption. It was up to me then to try the best lung medicine and I began to use Dr. King's New Discovery. It is well I did, for today I am working and believe I owe my life to this great throat and lung cure that has cheated the grave of another victim." It's folly to suffer with coughs, colds or other throat and lung troubles now. Take the cure that's safest. Price 50c and \$1. Trial bottles free at all druggists.

Glorious News

comes from Dr. J. T. Curtiss, Dwight, Kan. He writes, "I not only have cured bad cases of eczema in my patients with Electric Bitters, but also cured myself by them of the same disease. I feel sure they will benefit any case of eczema." This shows what thousands have proved, that Electric Bitters is a most effective blood purifier. It's an excellent remedy for eczema, tetter, salt rheum, ulcers, boils and running sores. It stimulates liver, kidneys and bowels, expels poisons, helps digestion, builds up the strength. Price 50c. Satisfaction guaranteed by all druggists.

Just Politics

Sure; we all knew the colonel couldn't stay out of the fracas. And it adds to the gaiety of nations.

Already the sight of his bat in the ring has incited all of the other political camps to intense activity.

Such a cannonading as is going on from all the campaign headquarters in Washington. Now the colonel's voice will be added to the din. With so many candidates in the field on both sides it really looks as if it were a very open season for hunters in the presidential preserves. And it's hinted that the woods are simply full of dark horses which will emerge at the first sign of a deadlock in either convention, ready to run around the bunch and get under the wire first. Some of the best guessers among the politically wise think, however, that no dark horse will win out in either convention.

Tooting

If you toot your little tooter And then lay aside your horn There's not a soul in ten short days Will know that you are born.

The man who advertises With a short and sudden jerk, Is the man who blames the paper Because it doesn't work.

But the man who gets the business, And who the other beats Is the fellow with the adlet That you read from week to week.

We can help you toot your trumpet, We can bring the people in; We can help you build your business, Are you ready to begin?
